

EXPERIMENTAL

RESIDENTIAL SERVICE ENERGY EFFICIENT BENCHMARKING PROGRAM RS-EEB-2A

PURPOSE

The purpose of this program is to provide eligible residential customers with periodic reports regarding their electricity usage and usage at similarly-situated dwellings. This information will assist customers in understanding their usage and encourage energy conservation and the installation of energy efficiency measures.

AVAILABILITY

Company shall provide this program to randomly selected eligible customers, unless they notify Company and decline to participate. In addition, eligible customers not initially selected who request to be included in the program, will be added to the program at the beginning of the following calendar year. Eligible customers must be served by Company under a residential service schedule and have a minimum of 12 months of billing history. Program participation shall not exceed a system-wide limit of 50,000 participants.

CONSIDERATIONS TO BE OFFERED

Customer shall receive periodic reports by either direct or electronic mail, at Customer's option. No financial incentive is provided to participants.

RESPONSIBILITY OF PARTIES

Company or Customer may terminate participation in this program by providing verbal or written notice to the other party and will thereafter be removed from the program.

GENERAL

Service rendered under this Program is subject to the provisions of the Service Regulations of the Company on file with the state regulatory commission.

Supersedes Program RS-EEB-2
